Chapter 1. INTRODUCTION	1
1.1 General	1
1.2 Objective and philosophy	1
1.3 Problems	1
Chapter 2. PRINCIPLES OF STRATIGRAPHIC CLASSIFICATION	3
2.1 General	3
2.2 Categories of stratigraphic classification	3
2.2.1 Lithostratigraphy	3
2.2.2 Biostratigraphy	3
2.2.3 Chronostratigraphy	3
2.3 Terminologies for each category	3
2.4 Chronostratigraphic and geochronologic units	3
2.5 Magnetostratigraphic units	4
Chapter 3. DEFINITIONS AND PROCEDURES	6
3.1 Definitions	6
3.1.1 Stratigraphy	6
3.1.2 Stratum	6
3.1.3 Stratigraphic classification	6
3.1.4 Stratigraphic unit	6
3.1.5 Stratigraphic terminology	6
3.1.6 Stratigraphic nomenclature	6
3.1.7 Stratotypes	6
3.1.8 Zones	6
3.1.9 Interval	6
3.1.10 Horizon	6
3.1.11 Correlation	6
3.1.12 Geochronology	6
3.1.13 A geochronologic unit	7
3.2 Requirements for formally named geologic units	7
3.3 Malaysian procedures	8
3.3.1 Administrative structure	8
3.3.2 Malaysian Stratigraphic Nomenclature Committee	8
3.3.2.1 Composition	8
3.3.2.2 Function	8
3.3.3 Establishing lithostratigraphic names	8
3.3.3.1 Reservation and proposals of names	8
3.3.4 Writing stratigraphic names in Malay	9
3.4 Publication	9
3.5 Priority	10
3.6 Synonymy	10
3.7 Revision or redefinition of previously established units	10
3.8 Uncertainty in assignment	10
3.9 Abandoned names	11

Chapter 4. STRATOTYPES	12
4.1 Definition	12
4.1.1 Stratotype (type section)	12
4.1.2 A unit-stratotype	12
4.1.3 A boundary-stratotype	12
4.1.4 Composite-stratotype	12
4.1.5 Type locality and type area	12
4.2 Stratotypes in definition of stratigraphic units	12
4.2.1 Standard definitions	12
4.2.2 Reference to a specific rock section	12
4.3 Requirements for stratotypes	12
4.3.1 Expression of concept	12
4.3.2 Description	14
4.3.3 Identification and marking	14
 Chapter 5. LITHOSTRATIGRAPHY	 15
5.1 Introduction	15
5.2 Lithostratigraphic units	15
5.2.1 Nature of lithostratigraphic units	15
5.2.2 Boundaries of lithostratigraphic units	17
5.3 Ranks of lithostratigraphic units	17
5.3.1 Formation	17
5.3.2 Member	19
5.3.3 Bed	20
5.3.4 Flow	20
5.3.5 Group	20
5.3.6 Supergroup	20
5.4 Lithostratigraphic nomenclature	20
5.4.1 Compound character	20
5.5 Lithodemic units	21
5.5.1 Nature of lithodemic units	21
5.5.2 Boundaries	21
5.5.3 Ranks of lithodemic units	22
5.5.3.1 Lithodeme	22
5.5.3.2 Suite	22
5.5.3.3 Supersuite	23
5.5.3.4 Complex	23
5.5.3.5 Misuse of "series" for suite, supersuite or complex	23
5.5.4 Lithodemic Nomenclature	23
5.5.4.1 General provisions	23
5.5.4.2 Lithodeme names	23
5.5.4.3 Suite names	24
5.5.4.4 Supersuite names	24

Chapter 6. BIOSTRATIGRAPHIC UNITS	25
6.1 Nature of biostratigraphic units	25
6.2 Types of biostratigraphic units	25
6.2.1 Definition of interval zone	25
6.2.2 Definition of assemblage zone	27
6.2.3 Definition of lineage zone	27
6.2.4 Definition of abundance zone	27
6.3 Ranks of biostratigraphic units	27
6.4 Biostratigraphic nomenclature	27
