

CONTENTS

Preface.....	page	vii
Commonly used Malaysian and Indonesian geographic terms.....		viii
SECTION 1: REGIONAL TECTONIC FRAMEWORK		
Tectonics of the Indonesian Region.....	<i>W. Hamilton</i>	3
Tectonics and Oil Prospects of the Moluccas, Eastern Indonesia	<i>E. A. Gribi, Jr</i>	11
Tectonic Framework and Evolution of India	<i>M. S. Balasundaram & D. K. Ray</i>	17
The Manila Trench—West Taiwan Foldbelt: A Flipped Subduction Zone	<i>R. W. Murphy</i>	27
Tectonic Controls of Volcanism and Complex Movements Along the Sumatran Fault System	<i>M. Posavec, D. Taylor, Th. Van Leeuwen & A. Spector</i>	43
Tectonic Evolution of Sundaland: A Phanerozoic Synthesis	<i>C. S. Hutchison</i>	61
A Preliminary Synthesis of the Geological Evolution of Burma with Reference to the Tectonic Development of Southeast Asia... <i>M. Thein</i>		87
SECTION 2: STRATIGRAPHIC CORRELATION		
The Early Stage of the Burmese—Malayan Geosyncline.... <i>T. Kobayashi</i>		119
Carboniferous and Permian Correlation in Southeast Asia... <i>D. J. Gobbett</i>		131
The Lower Paleozoic Stratigraphy of Western Part of the Southern Shan State, Burma..... <i>M. L. Thein</i>		143
Late Tertiary Geologic History of the Continental Shelf off Northwestern Palawan, Philippines <i>E. V. Tamesis, E. V. Mañalac, C. A. Reyes & L. M. Ote</i>		165
Geology of the Region Sri Sawat—Thong Pha Phum—Sangkhlaburi (Kanchanaburi Province/Thailand)..... <i>K. E. Koch</i>		177
Permian Brachiopod Correlations for South-East Asia... <i>J. B. Waterhouse</i>		187
SECTION 3: GEOCHRONOLOGY		
Geochronology of the Indian Precambrian <i>M. S. Balasundaram & M. N. Balasubrahmanyam</i>		213
SECTION 4: GEOLOGY OF CONTINENTAL SHELVES		
Quaternary Changes in Sea-level in the South China Sea..... <i>B. Biswas</i>		229

A Contribution to the Geology of Part of the Indonesian Tinbelt: the Sea Areas Between Singkep and Bangka Islands and Around the Karimata Islands <i>G. J. J. Aleva, E. H. Bon, J. J. Bossin & W. J. Sluiter</i>	257
On Pleistocene Migration Routes of Vertebrate Fauna in Southeast Asia <i>S. Sartono</i>	273
SECTION 5: REGIONAL MINERALISATION, EXPLORATION CONCEPTS & TECHNIQUES	
Large Scale Mineral Exploration and New Mining Development Prospects in Indonesia..... <i>S. Sigit</i>	289
The Primary Tin Mineralisation Patterns of West Malaysia <i>i..... K. F. G. Hosking</i>	297
The Exploration of the Nickel Laterite Deposits in Irian Barat, Indonesia <i>C. D. Reynolds, I. Havryluk, S. Bastaman & S. Atmowidjojo</i>	309
List of Participants	325
